

REDEFINING THE TRASH CAN

DIAPERS | FAMILY | PETS | CARE | MEDICAL | PUBLIC | OFFICE

*SINCE 1984, THE PROMISE REMAINS:
HIGH QUALITY. GREAT PRICE. NO COMPROMISES.*

**WE LISTENED.
THEN WE REDESIGNED.**

“LOVE THE PRODUCT, JUST WISH I DIDN'T HAVE TO SQUAT DOWN.”

**AKORD
ELEMENT**

**NO NEED TO
SQUAT DOWN**

FLIP BACK THE LID,
CUT THE LINER SAFELY,
AND PULL FULL BAGS
DIRECTLY FROM THE TOP.

NO HEAVY BINS.
NO AWKWARD SQUATTING.

JUST A SMARTER, CLEANER,
AND MORE ERGONOMIC
DISPOSAL EXPERIENCE.

**👍 RECOMMENDED FOR
POST-C-SECTION CARE**

**TOP-LOAD.
SNAP BACK.
DONE.**

QUICK TOP-TRAY ACCESS FOR FASTER,
EASIER LINER REPLACEMENT.

**REDDIT TALKED.
WE FIXED IT.**

“HOW DO YOU GET THE TRASH BAG OUT OF THE CAN WITHOUT RIPPING IT?”

**AKORD
ELEMENT**

**NO WRESTLING
EASY SLIDING**

DESIGNED FOR AIRFLOW:

WHEN THE BIN IS FULL, SIMPLY CUT, TIE, AND LIFT—WITHOUT THE USUAL WRESTLING.

WE DID THE MATH TO BRING YOU SUBSTANTIAL COMFORT. THE CAN'S CIRCUMFERENCE IS INTENTIONALLY WIDER THAN THE FILLED REFILL LINER, CREATING A NATURAL AIR VENT.

THIS BREAKS THE VACUUM SEAL AND ELIMINATES THE STRESS OF RIPPED BAGS.

BY CALCULATING THE OPTIMAL RATIO BETWEEN THE CAN'S DIAMETER AND THE LINER'S EXPANSION, WE CREATED A PERMANENT AIR GAP. EVEN AT MAXIMUM VOLUME, THE BAG STAYS CLEAR OF THE WALLS FOR A SMOOTH RELEASE.

**PATENTED
DUAL ODOR-LOCK
INNER LID**

A FLEXIBLE SILICONE SEAL, REINFORCED BY MAGNETS.

INNOVATIVE LOW-PROFILE REFILL DESIGN FOR A MORE COMPACT FIT
